

Independent Order of Odd Fellows
Dedicated Members for Change

November 14, 2013

Dear Dedicated Members for Change,

Our Brother, Louie Sarmiento, from the Philippines, has forwarded the following five links about our Order. I send them on to you for your information and possible use. These links are informative about our Order and can be used to promote our fraternity and inform members of the public (and potential applicants) about Odd Fellowship.

Louie has also informed me that the Lodges in the Philippines have established a bank account to receive donations for disaster relief in that hard-hit country. At least 15 Odd Fellows will be traveling to provinces which took the brunt of the typhoon on a mission to "relieve the distressed." They will provide direct local disaster relief, and eventually, hope to help residents re-build their homes. If any of you (on behalf of your Lodges) want information on these relief efforts and the bank account set up by the Philippine Odd Fellows, let me know, and I will forward that information to you.
